

Supporting the World's Most Vulnerable Populations

OneShared.World Presents: Rise or Fall Together

The COVID-19
pandemic has
plunged the world's
most vulnerable
populations into a
state of **emergency**.

3/4 of COVID-19 cases are in
developing countries

Nearly 1/2 of all working
people worldwide are on the
verge of losing their
livelihoods

Acute hunger could double
by the end of the year

These vulnerabilities
threaten the wellbeing
of the entire planet.

We are only as safe as
the **most vulnerable**
among us.

These Global Problems Demand Concerted Action

Immediate Relief
Long-Term Initiatives
Global Disaster Preparedness

A OneShared.World Report
